Training Service Support Contract

TSS

Briefing

10 Dec 2011

Agenda

- **TSS Overview**
- **General Contract Management**
- **Executed Task Orders**
- **Questions**

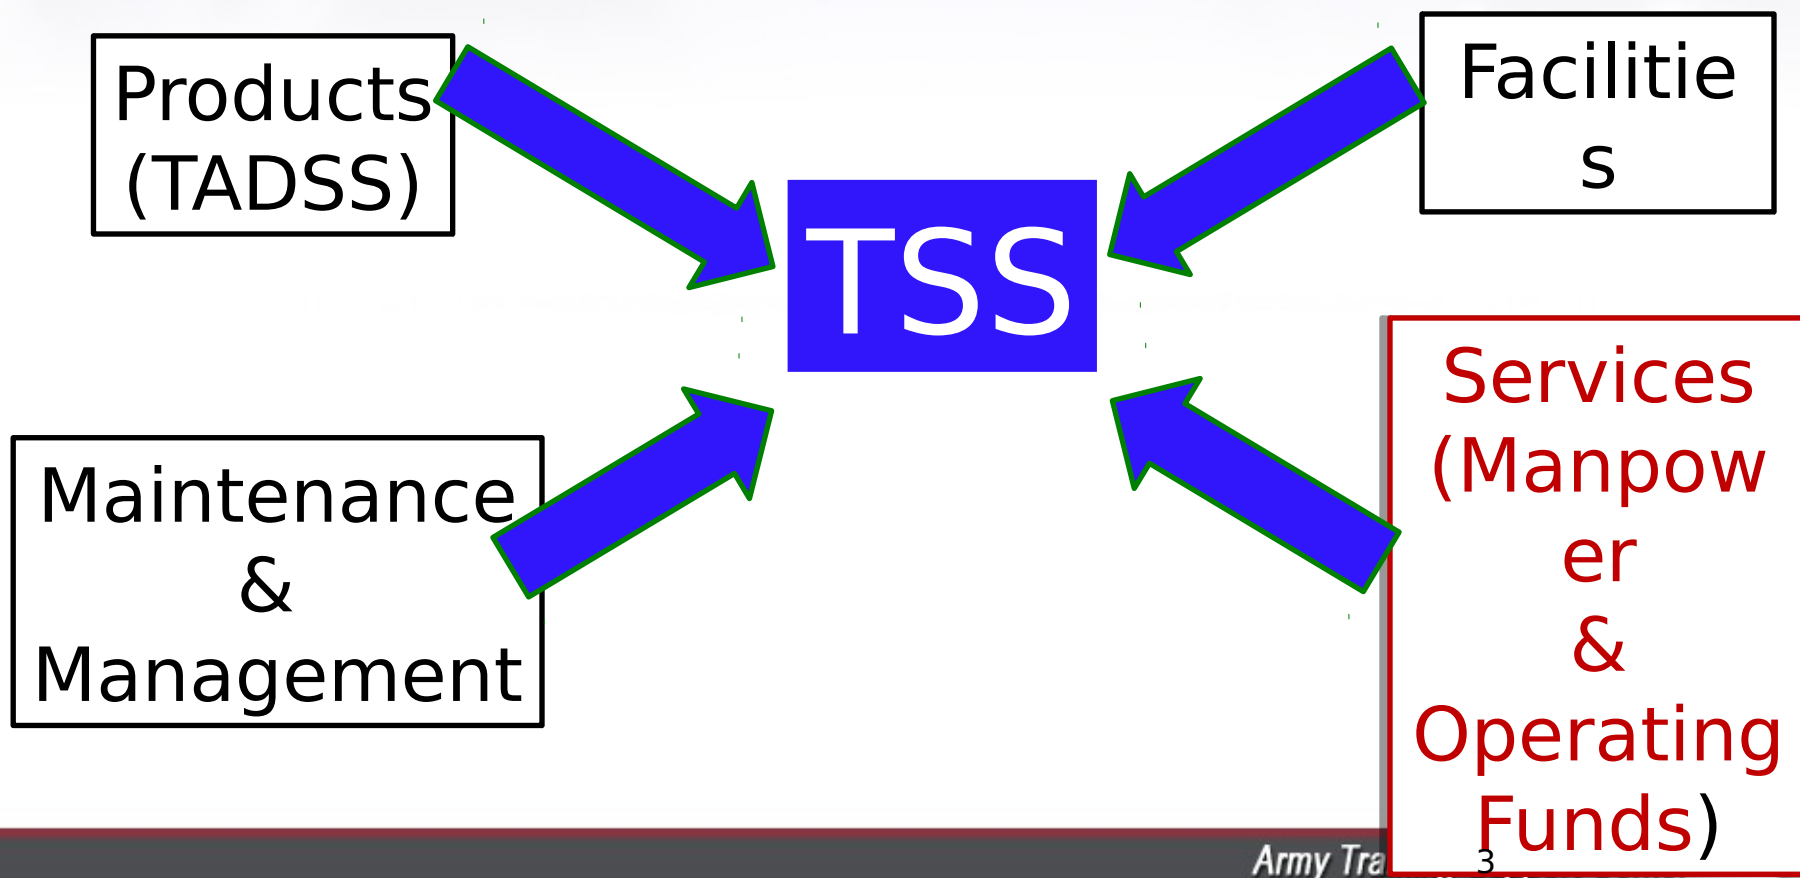

Training Service Support Contract

The TSS Contract is a five-year, Firm-Fixed Price (FFP), Multiple Award Indefinite Delivery, Indefinite Quantity (IDIQ) contract that was awarded in July 2011 with a ceiling of \$490M. This contract streamlines services and gains efficiencies by consolidating TSS support requirements across the various Live, Virtual, Constructive, and Gaming (LVC&G) domains at home stations and Combat Training Centers (CTCs) by allowing the Army to leverage contracted support capabilities at Army installations. The contract provides support for training through the Sustainable Range Program, CTC's Leader Training Program, Battle Command Training Program, Soldier Training Program, and Training Development Capabilities.

TSS Programs

- CTC Modernization: Instrumentation/TADSS
- Sustainable Range Program: Home Station Range Operations & Modernization
- Soldier Training Support Program: Individual and Small Unit live and virtual TADSS; Training Support Center Operations
- Mission Command Training Support Program: Battle Command Training Center Operations; Collective Virtual TADSS; Constructive TADSS; Live, Virtual, Constructive Integrated Training Environment
- Sustainable Range Program: Integrated Training Area Management (ITAM)
- Training Information Infrastructure (TII): Army Training Information Systems & Learning Delivery Systems

TSS Programs - Contract Applicability

CTC Modernization: Instrumentation/TADSS

Sustainable Range Program: Home Station Range Operations & Modernization

Soldier Training Support Program: Individual and Small Unit live and virtual TADSS; Training Support Center Operations

Mission Command Training Support Program: Battle Command Training Center Operations; Collective Virtual TADSS; Constructive TADSS; Live, Virtual, Constructive Integrated Training Environment

Sustainable Range Program: Integrated Training Area Management (ITAM)

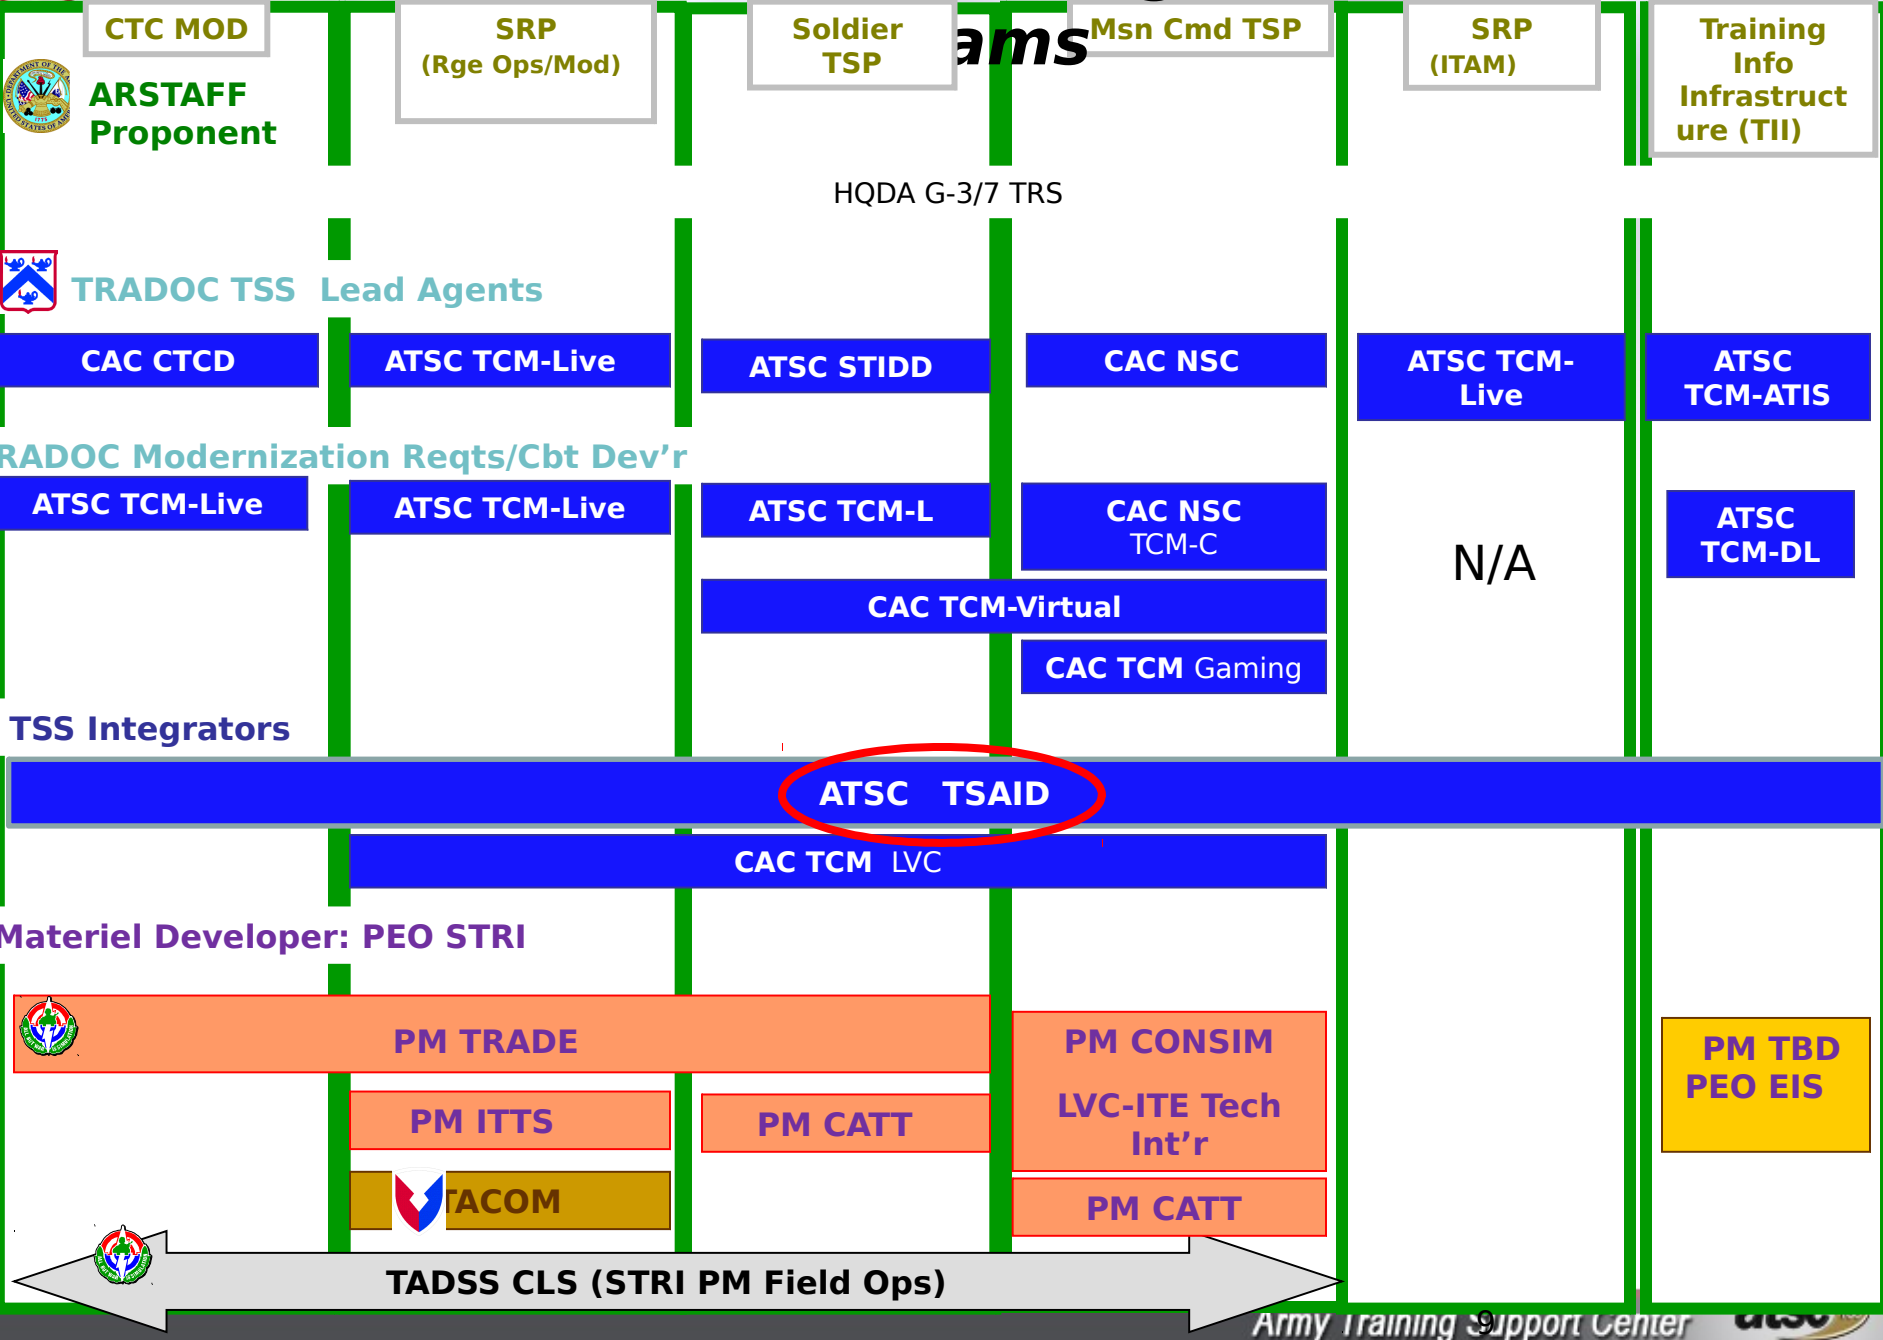

Training Information Infrastructure (TII): Army Training Information Systems & Learning Delivery Systems

TSS Use: High Medium Low

TSS Efficiencies

Implement a TSS Manpower & Contract Strategy centered on 3 LoE:

1. Standard Garrison Organization (SGO): Govt Manning
Army-wide manpower reductions impacted TSS portion of Standard Garrison Organization (SGO) in IMCOM; TSS structure in EUR and PAC.
2. Warfighter (WfF) Focus Contract: Maintenance of TADSS
- PEO STRI
-  3. TSS Services Contract : Other TSS Services – MICC-MCO & USACAC-Tng

Training Support Services Office (TSSO)

Serves as the Program Office with oversight for the execution of the Sustainable Range Program (SRP) and Training Support Systems (TSS) contract vehicles.

The contracting officer representatives (CORs) conduct:

- Pre-award acquisition planning, program analysis**
- Post-award contract management task ordering procedures**
- Contractor verification**
- Invoicing**
- Contractor performance assessment duties**

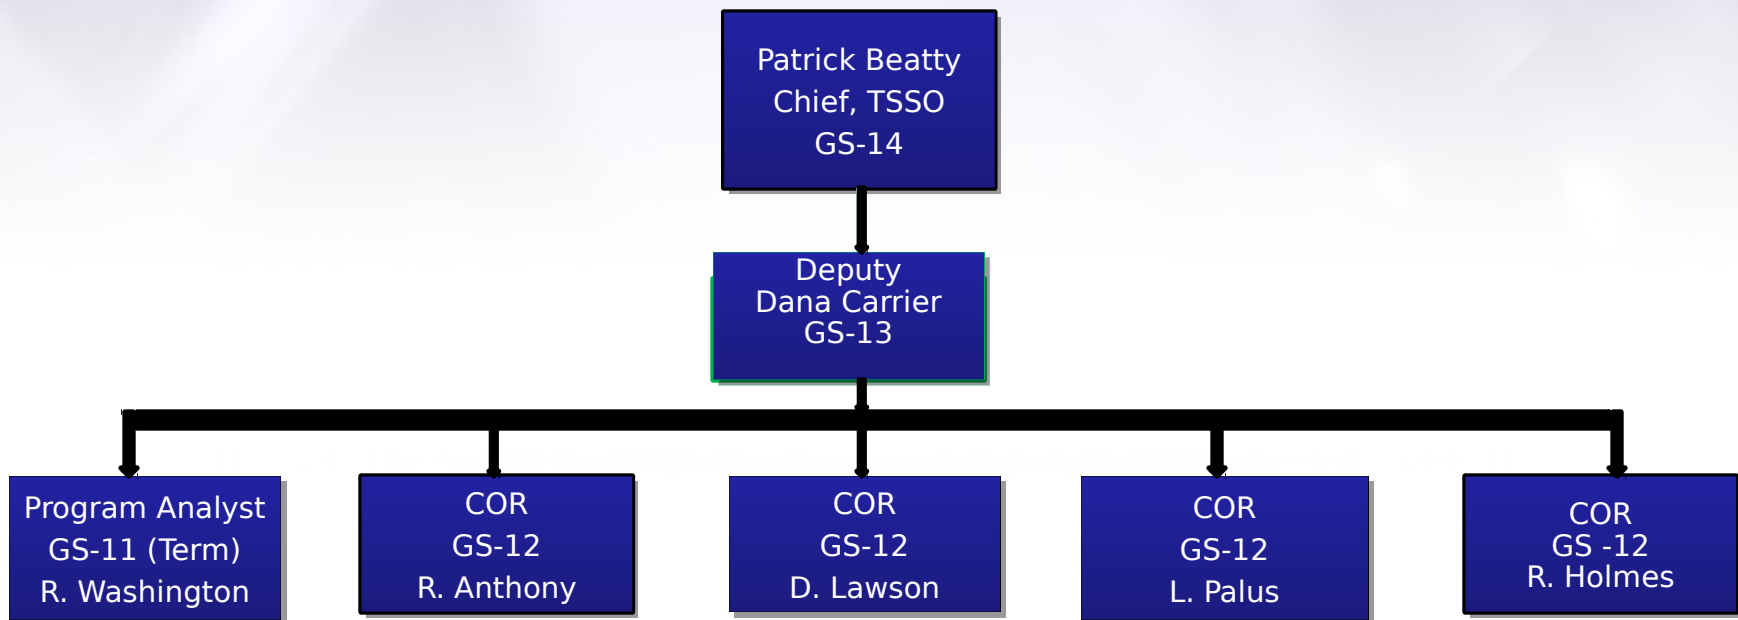

Training Support Services Office (TSSO)

Office Functions

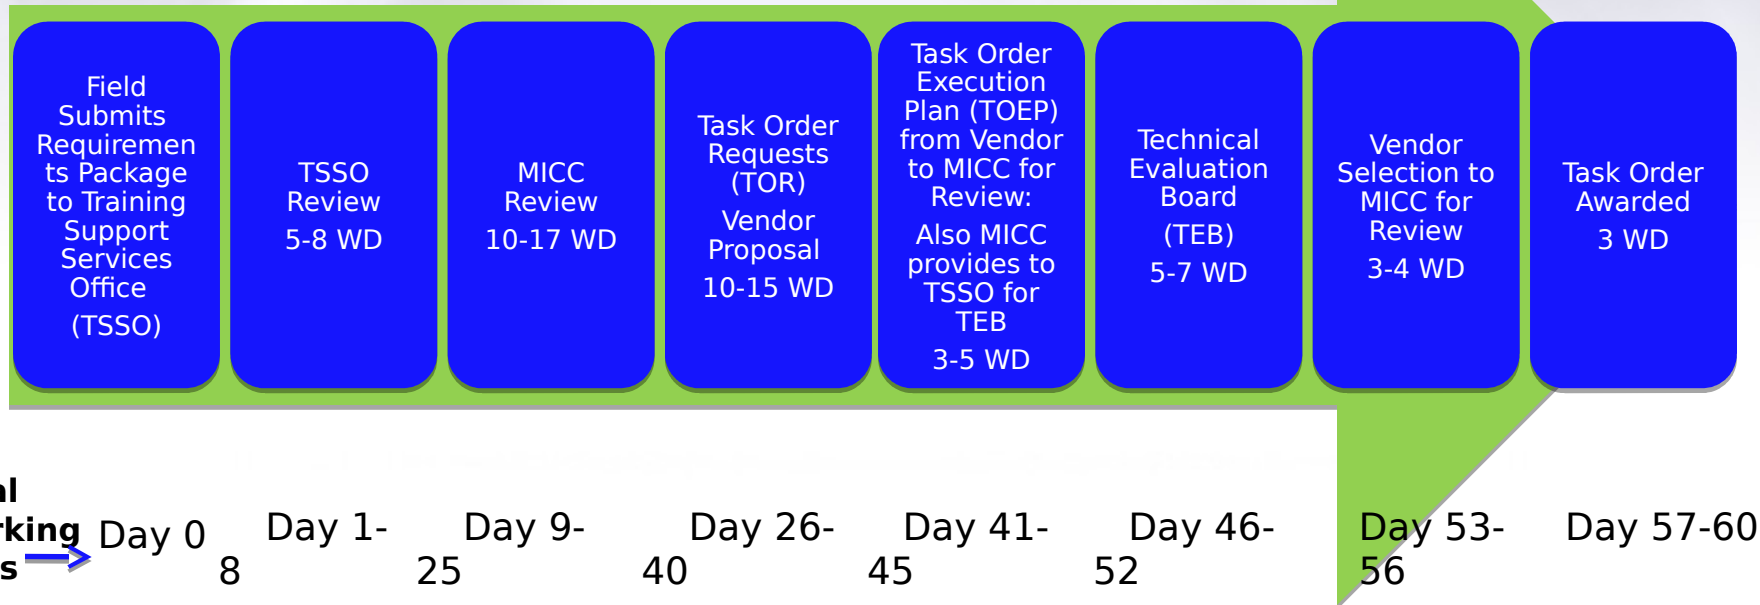

- Acquisition Planning (Data Requirements)
 - Requirements Determination
 - Market Research
 - Cost Estimating
 - Risk / Trade-off Analysis
 - Source Selection Procedures
 - **Technical Evaluation Boards***
- Invoicing
 - Log maintenance
 - Error / Issue Resolution via Computerized Accounts Payable System (CAPS)
 - WAWF approval
- CAC Card Trusted Agent for Contract through the Contractor Verification System
 - Coordinate need with On-site CORS
 - Collect Contractor information
 - Initiate CAC Card application in CVS
 - Query CVS weekly for CAC Card revocations, renewals, approvals, etc.
 - Coordinate return of revoked cards and turn them in to security for coding and disposal
- Modifications
 - Conduct contract management functions for all mods (i.e., Can include, POP extensions, additional scope of work, reduced scope of work, adjustment of funds, administrative)
- Contract Management
 - SOPs
 - Review / Edit PWS packages
 - Review SA packages for completion
 - File and Log set-up for each TO
 - Enter requirements into GFEBS
 - Provide package to MICC to establish an RFP (SA, MIPR, IGCE, PWS, and QASP)
 - Coordinate On-site COR technical review of proposals
 - Prepare proposal packages for On-site COR / source selection review
 - Request MIPRs to support requirements
 - Coordinate issue of award with MICC-MCO, RMD, and On-site COR
 - Establish Task Order Kick-Off Meeting
 - Establish post award log
 - Prepare on-site COR memorandum and CAC Card LOIs for on-site CORS signature
 - Provide 90-120 day reminders for options / follow-ons.
 - Evaluate Contractor's performance via Contractor Performance Assessment Reporting System (CPARS)

***All Task Orders are competed between Primes**

Training Support Services Office (TSSO)

Task Order Timeline

Factors which may extend processing time:

- Number of task orders being worked simultaneously
- Number of edits and re-work between TPOC, TSSO, MICC
- Complexity of task orders
- Availability of TEB members
- Availability of funds
- Unforeseen circumstances

TSSO WORK

1 SEP - 15 NOV 2011

TASK ORDERS

<u>TO</u>	<u>AWARDED</u>	<u>WORKING</u>	<u>MODS</u>	<u>CLOSE OUT</u>
TSS	18	14	9	
SRP	—	6	—	56
Total	18	14	15	56

*****Award/IGCE Amount: \$64,400,000 13% of contract ceiling**
